What are my obligations?

In deciding to accept this policy and in setting the terms including the premium we have relied on the information you have given us through your broker or insurance intermediary. You must take care when answering any questions we ask by ensuring that any information provided is accurate and complete. You must tell us within 14 days of you becoming aware of any changes in the information you have provided to us which happens before or during any period of insurance. When we are notified of a change we will tell you if this affects your policy. For example, we may cancel your policy in accordance with the Cancellation and Cooling-Off provisions, amend the terms of your policy or require you to pay more for your insurance. If you do not inform us about a change it may affect any claim you make or could result in your insurance being invalid.

You must take all reasonable steps to:

- 1) ensure the safety of the risk address
- 2) prevent accidents and comply with all statutory obligations and to maintain the contract works, machinery, plant and existing structure in good condition and repair
- 3) select registered contractor(s) who are experienced to carry out the contract works they will be undertaking as defined in the contract
- 4) remedy any defect or danger as soon as it is discovered and take any necessary precautions
- 5) prevent any circumstances arising or cease any activity which may give rise to a claim under the policy.

If you do not, we will not be liable to pay any related claim.

Where the original contract price exceeds €3,000,000, your contractor(s) undertake to comply with Part 4 General Safety Provisions Section 45 (Fire Detection and Fire Fighting) of S.I. No. 291 of 2013 Safety and Welfare at Work (Construction) Regulations 2013 in Ireland or any subsequent amendment thereto or revised edition thereof current at the commencement of the contract (as specified in the policy) hereinafter referred to as the Safety Health and Welfare at Work (Construction) Regulations 2013. Our appointed representative shall have the right at all reasonable times to enter and inspect the risk address for the purpose of checking whether the conditions thereon in all respects comply with the Safety Health and Welfare at Work (Construction) Regulations 2013. In the event that we become aware of a breach of the Safety Health and Welfare at Work (Construction) Regulations 2013 we may inform the construction site management of the nature of the breach specifying the remedial measures we require and the period within which these must be completed. Where we consider such a breach is of sufficient importance we may confirm the same by notice in writing to you. Under the terms of this or any subsequent notice we may suspend or cancel all cover under this policy from the date named in the notice not being a date earlier than the date named for completion of remedial measures it being understood that upon suspension such cover will be reinstated when we are satisfied that the remedial measures have been completed such notice shall be given by registered post, recorded delivery, facsimile transmission or by hand. This special condition shall not by itself be considered a condition precedent to our liability, but its inclusion shall not prejudice, waive or remove our rights under the terms of any other policy exclusions, conditions or special conditions.

You have an ongoing duty to ensure that your sum insured represents the full value of the property insured. For your existing structure, the full value is the cost of rebuilding by a professional third party contractor if your existing structure were destroyed (this is not the same as the market value). 'Section 1 – The Property' automatically provides additional cover for architects, surveyors, consulting engineers, legal and other fees required to reinstate or replace the risk address and, clearing debris from the site and making the site and risk address safe up to 15% of the total sum insured. If this amount is not sufficient for your requirements, you must ensure the sum insured for your existing structure is adequate to include these additional expenses. Your sum insured for contents must be the cost to replace as new. If, at the time of any loss or damage, the sum insured is not enough we will proportionally reduce the amount of any claim payment made by the percentage of under payment of premium which has arisen as a result of the shortfall in the sum insured. For example, if the premium you have paid for your existing structure insurance is equal to 75% of what your premium would have been if your existing structure sum insured was enough to reconstruct your existing structure, then we will pay up to 75% of any claim made by you. If however the correct sum insured is shown to exceed our acceptance terms and criteria, we may have to cancel your policy from commencement.
